

Post-Workshop Survey Results

Based on 11 completed surveys

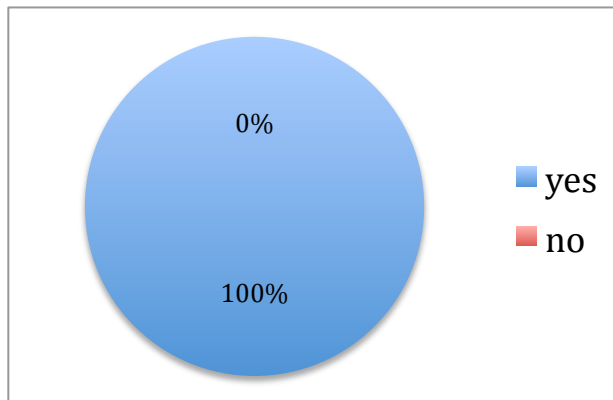

1. After attending our workshop, would you now consider composting?

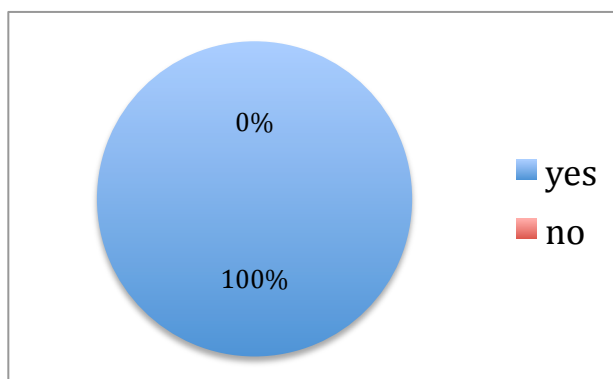

2. If you still would not consider composting, please select the reason why.

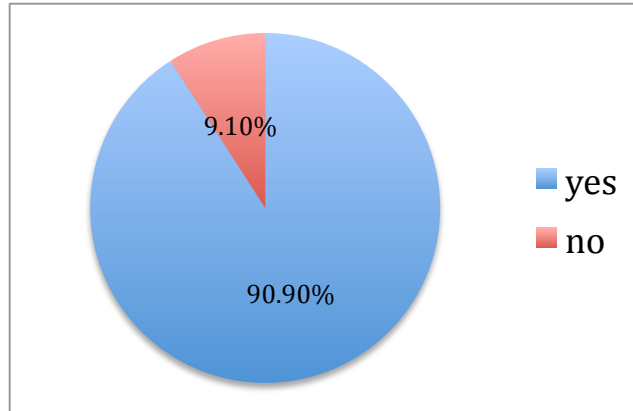

3. After attending our workshop, would you now consider making changes to make your home to make it more energy efficient?

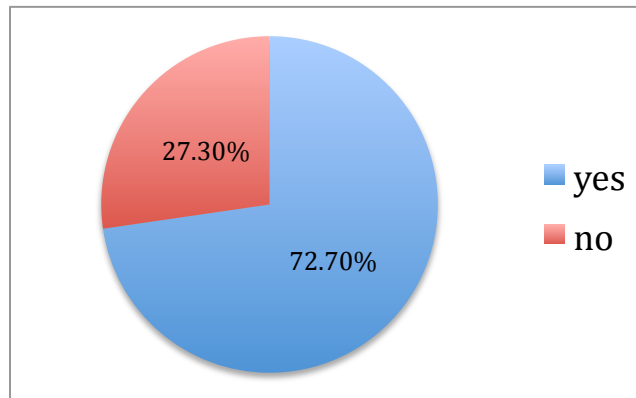

4. Would you now consider taking measures (or adding measures to what you currently do) to conserve water at home?

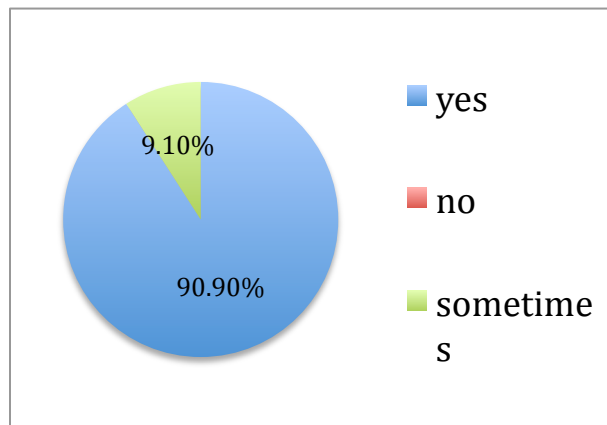

5. Would you now consider using (or continue to use) compact fluorescent light bulbs?

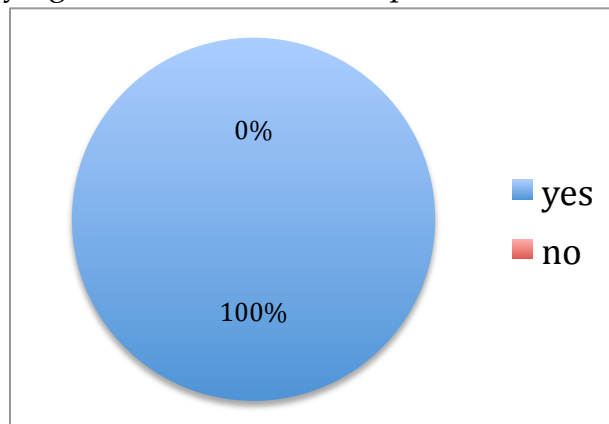

6. After attending our workshop, would you now consider carpooling as an option whenever possible?

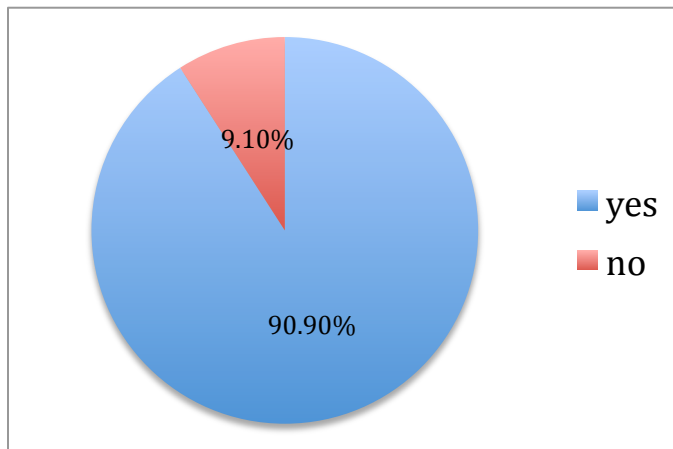

7. After attending our workshop would you now consider buying locally produced food as often as possible?

8. Do you now know how buying fresh and local can help the environment?

9. Do you currently recycle?

10. After attending our workshop will you now look for more ways to re-use or re-purpose items before discarding or recycling them?
