

Pre-Live Green Workshop Survey

Based on 10 respondents

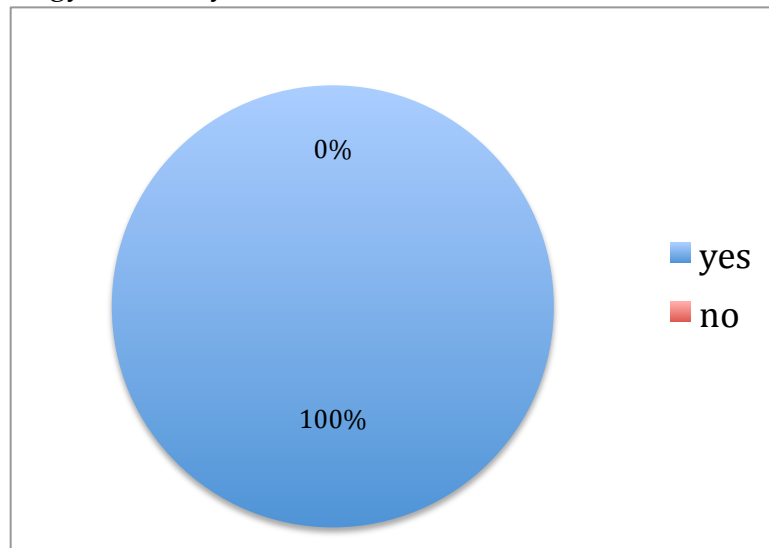

1. Do you currently compost?

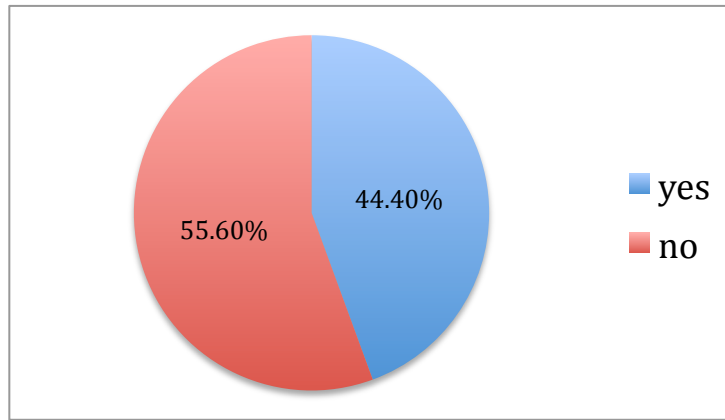

2. If you do not compost, please select the reason why.

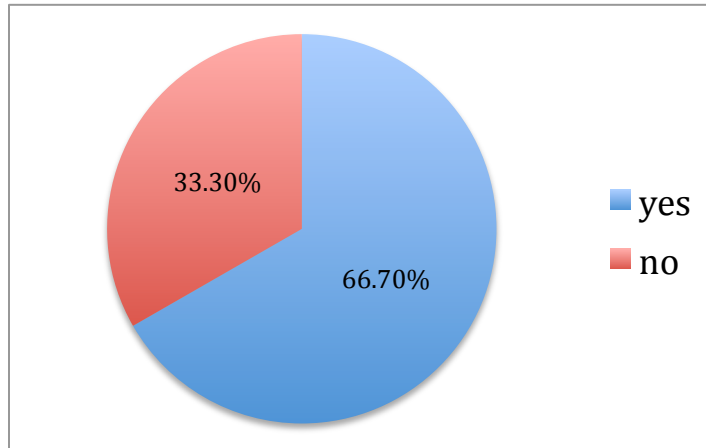

3. In the last one to five years, have you made any changes to your home to increase it's energy efficiency?

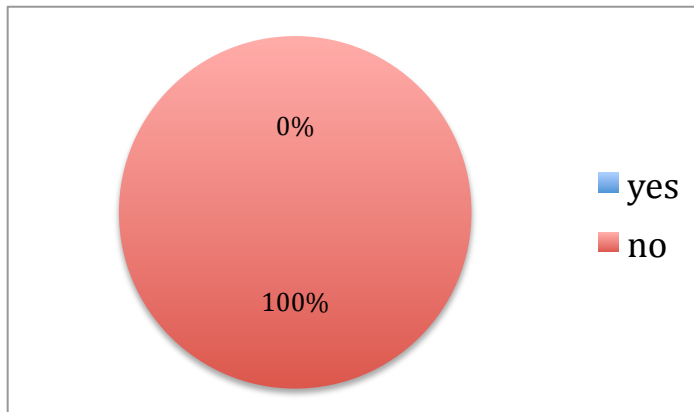

4. Do you currently take any measures to conserve water at home?

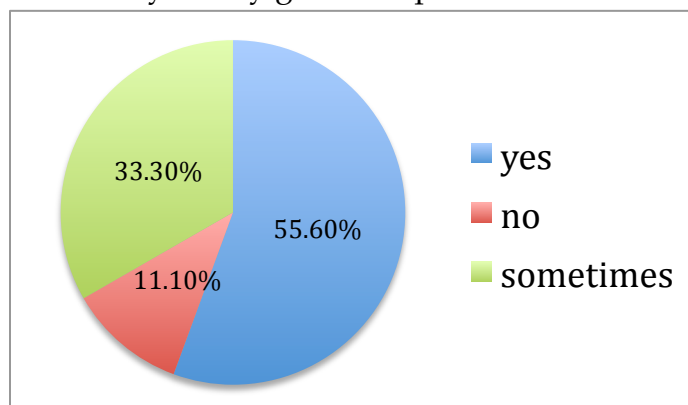

5. Do you currently use any compact fluorescent light (CFL) bulbs in your home?

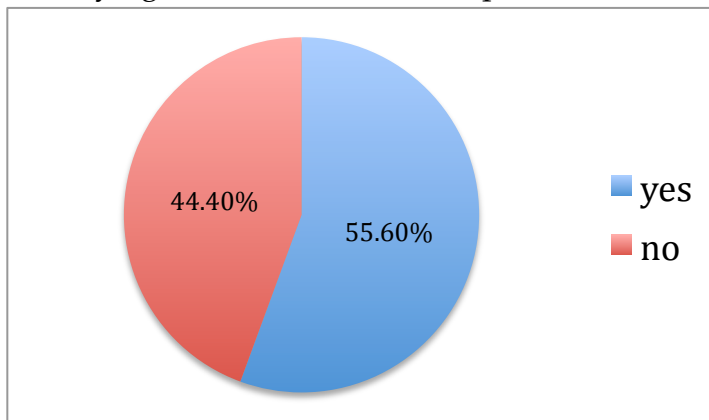

6. Do you carpool?

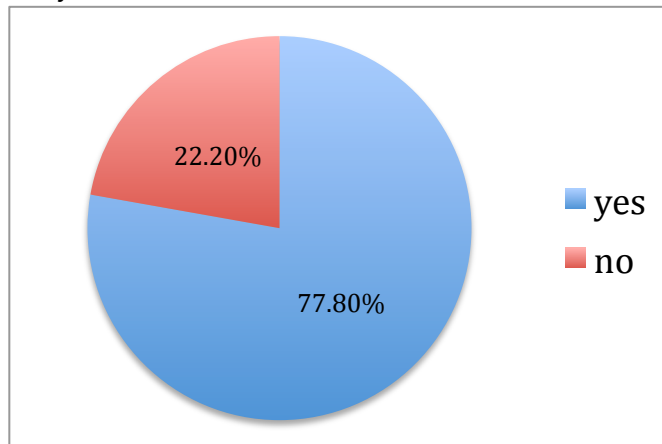

7. Do you make efforts to buy locally grown or produced food?

8. Do you know how buying fresh and local can help the environment?

9. Do you currently recycle?

10. Do you look for ways to reuse or re-purpose something before getting rid of it?
